SIGNATURE WARDROBE

words / py lee images / signature kitchen layout / boon ting ting

Signature Wardrobe's all-new Supermatt wardrobe series offers stylish functionality that fits perfectly into any home environment.

Wardrobes provide essential storage space and enhance the look of your bedrooms. Whether you are incorporating a wardrobe into your bedroom or setting up a walk-in wardrobe, it is important to choose the right size and materials to blend in with the rest of your interior.

Designed with a sleek and contemporary appearance, Signature Wardrobe's all-new Supermatt series is a timelessly functional wardrobe that fits perfectly into any environment. You can choose from an elegant palette of soft, muted colours to find one

that suits your taste and preference.

Best of all, it also comes with anti-fingerprint technology which makes it a perfect choice for family homes. This technology ensures your wardrobe doors are consistently free from finger marks, saving you the hassle of needing to clean the surfaces each time you open or close the doors. **CHX**
