Designed with quality and beauty in mind, Signature Kitchen now offers a series of furniture pieces that blends elegantly with modern spaces.

Renowned for their exquisite collection of designer kitchens, Signature Kitchen now leads the way with the latest living concepts and designs that will delight discerning individuals looking for an aesthetically designed home feature to match their personality and lifestyles. Delve into their latest series of Signature Living furniture pieces, crafted with pure passion for beauty and style.

▲ BED

Integrating wood in the bedroom is a wonderful way to creating a close-to-nature ambience as wood furniture is comfortable and pleasing to the sight. This bed is designed to fit into your cosy bedroom while offering a stylistic element. With its tall headboard upholstered with lovely button design, the bed looks absolutely elegant accompanied by two suspended side tables.

▲ TV CABINET

Based on the concept of new modernity, this suspended TV cabinet flatters with its simple lines and serves up a contemporary appeal. It is quintessentially a versatile piece of accessory that complements various concepts of cosmopolitan living.

▲ WRITING DESK

With its sleek façade, this desk provides modern form and function while resting atop metal legs. Equipped with two slim drawers, this piece will be an epitome of your tasteful personality and at the same time, blend seamlessly into your room design. **CHX**

A SIGNATURE EXPERIENCE

It all starts with Signature's 'Service Promise' - which takes care of you from the first cup of coffee when you walk in, right up to a proper hand-over and cleaning service upon the completion of your purchase, to ensure that all customers are fully satisfied. The journey of your purchase does not end when your item has been delivered; you still get to enjoy benefits and privileges via the Signature Privilege Card Program.
